○ ICPC Asia Dhaka Regional Contest-2021.
○ 1st place at NUB CSE Intra Dept. Programming Contest - Season 1
○ 2nd place at NUB CSE Intra Dept. Programming Contest - Season 2

PROBLEM SOLVED

Codechef   : 2 star rank 1404 ratings
             (196 problem solved)
HackerRank : C programming - 4 star
             C++   - 4 star
             Problem solving - 4 star
             SQL   - 5 star
Codeforces : 777 ratings
             (34 problem solved)

SKILLS

Expertise : HTML5, CSS3, Tailwind ,Bootstrap, JavaScript, React, React router ,Express.js, Node.js, MongoDB, Firebase, Git & GitHub

Tools : Visual Studio code, Figma, Canva , Netlify, Vercel

PROJECTS

GPT-3   **Live**

Excited to unveil my latest project, GPT3—a static React-powered website crafted with passion and precision, featuring a seamless blend of creativity and technology. Also this project is completely responsive for every device.
Technologies Used:
React , CSS , Visual studio code.

Restaurant   **Live**

Created a responsive restaurant landing page using React.js, delivering an engaging user experience across all devices. Employed modern design principles and React.js components for a visually appealing and high-performance website.
Technologies Used:
React , Raw CSS, Visual studio code.

HooBank   **Live**

Crafted a responsive landing page using React.jsx and Tailwind CSS, showcasing a seamless user experience on various devices. Merged aesthetic design with efficient development to create an engaging and adaptable web presence.
Technologies Used:
React , Tailwind CSS , Visual studio code.

Portfolio   **Live**

Designed and developed a personal portfolio using React.js and Tailwind CSS to showcase my professional journey. Highlighted work experiences, recent projects, and a comprehensive skills section. The portfolio reflects a seamless blend of creativity and technical proficiency.

Technologies Used:
React , Tailwind CSS , Visual studio code.
